

Accelerating Smart and Shared Zero Emission Mobility

The **metaCCAZE** project, co-funded by the European Union, aims to revolutionise mobility in European cities, serving both passengers and freight, with innovative electric, automated, and connected solutions designed to make transport smarter, net zero, and more efficient for all.

Co-funded by
the European Union

metaCCAZE is a project under the CIVITAS Initiative, an EU-funded programme working to make sustainable and smart mobility a reality for all, and contributes to the goals of the EU Mission Climate-Neutral and Smart Cities.
